## Education

### JIET Institute of Design and Technology

Bachelor of Technology in Computer Science with Specialization in Data Science

Sep, 2021 – Jul, 2025

Jodhpur, Rajasthan

## Relevant Coursework

- Data Structures
- Python Development
- Algorithms Analysis
- Database Management
- OOP
- Operating System

## Training/ Internship

### AARVY Technologies

Frontend Intern

Jun, 2024 – Aug 2024

Gurgaon, Haryana

### SSDN Technologies

Cyber Security Trainee

May, 2023 – Jul, 2023

Gurgaon, Haryana

## Projects

### END-TO-END-PRICE-REGRESSION / Data Analytics

Mar, 2024

- Developed an end-to-end price regression model in Python to analyze bulldozer pricing data.
- Managed data preprocessing, model development, and evaluation processes.
- Forecasted pricing trends and derived actionable insights from the model results.

### RASODA / React JS, MongoDB, Express, Node JS & Stripe

July, 2024

- Developed Rasoda, an eCommerce platform for ordering food, featuring an intuitive interface for browsing diverse cuisines.
- Implemented seamless order placement, real-time tracking, and secure payment options.
- Designed the platform to enhance user experience and streamline food delivery.
